In 2013, Montana Tech 3rd-year students scored higher than 99% of students at 138 master's universities and 96% of doctoral institutions on the 2013 Educational Testing Service Proficiency Profile exam.

For the past 2 years, a Montana Tech student has received the prestigious Goldwater Scholarship. In 2013, Environmental Engineering student Joe Mitzel received the honor. In 2012, Robert Hark was honored as the third-ever Goldwater Scholar on campus.

Montana Tech ranked #1 out of all Montana colleges and universities with the greatest lifetime Return on Investment. (AffordableCollegesOnline.org)

Average 93% placement rate over the past 10 years, with the highest starting salaries in the Montana University System.

In 2013, Montana Tech's nursing students had a 100% pass rate on the NCLEX RN exam.

Montana Tech Computer Science and Software Engineering students continue to perform impressively on the Educational Testing Services (ETS) Computer Science Major Field Test. Over the past 5 years, Tech students have performed at the 90th percentile or better on this national standardized exam. Montana Tech's 2013 seniors outperformed 99% of other institutions on the 2013 exam.

Montana Tech Orediggers are more than just student-athletes. Orediggers take time from their busy schedules to help local organizations and engage area youth. In 2012, student-athletes at Montana Tech performed 2,600 hours of community service in Butte and southwest Montana. Through community service, student-athletes embody everything it means to be an Oredigger.

Highlands College Construction Technology students and faculty helped build 9 homes in 2012 for Habitat for Humanity.

Carly Johns was the valedictorian of her class at Anaconda High School. She dreams of being a pharmacist. She was always very involved—in Student Council, in AmeriCorps, in Key Club. Last year Carly was elected as a Student and Youth Ambassador representing the U.S. at the World Congress on Access to Postsecondary Education. Without scholarships, she would have had to struggle to attend college.

David Hutchins is a single dad. He grew up in Missoula and spent the last few years as a welder and machinist. But he wanted more, for him and his son. He's gone back to school at Montana Tech, seeking a degree in Environmental Engineering. The first years he took loans—but then he realized he could qualify for scholarships. This year, his senior year, he got every scholarship he applied for, a full ride.

These are not extraordinary stories at Montana Tech. Montana Tech students, in the past and now, are known for being hard-working, talented, dedicated people. These students, like all before them, will go out into the world and make a difference, living extraordinary lives because of what they learned at Tech.

This is the next generation of you. But that next generation needs your help.

The IMPACT for Excellence fund is a new, vital way to support Montana Tech, to give back to the school that helped you get where you are today, and help the next generation get there too. The key point of I for E is that it's flexible. In our current funding model, our resources are already allocated when we receive them. When new opportunities come up—new ways to support our students and faculty, or improve the school and its facilities—we need to be able to respond quickly and decisively, like a business. By giving to IMPACT for Excellence, you are not only continuing the great tradition of Tech, but pushing it farther, making us better. Making us excellent. Make your IMPACT now.
IMPACT FOR EXCELLENCE

Excellence and Montana Tech go hand in hand; recently Montana Tech was recognized as the BEST Return on Investment of all higher education institutions in Montana. To ensure our continued level of excellence, we are creating the IMPACT for Excellence Fund.

Resources raised through the IMPACT for Excellence Annual Fund touch the everyday lives of students in a variety of ways. The Fund provides scholarship assistance, faculty support, secures vital equipment for student and program use, and helps to maintain a beautiful, functional campus.

HELP US MEET THE CHALLENGE

The IMPACT for Excellence fund fills this void with money that directly supports the student experience by providing STUDENT AID, FACULTY SUPPORT, CAMPUS INFRASTRUCTURE, and SUPPORT FOR PROGRAMS & TECHNOLOGY.

YOUR GIFT MAKES A DIFFERENCE

Please make your gift to the IMPACT for Excellence Fund today.

GIVING LEVELS

- $500-GREEN
- $1,500-SILVER
- $2,500-GOLD
- $5,000-*CHANCELLOR’S COUNCIL

*Chancellor’s Council membership also gives insider access:
- Quarterly Newsletter
- Chats with the Chancellor
- Special Receptions at Alumni Events
